

A Warehouse Range supported by a World leader in Customer Service

- **Proximity and Skills providing the Shortest Mean Time to Repair**

With a Manitou Service outlet always near, our service team reaches you faster to take care of your equipment.

Our comprehensive technical training programs highly develop technicians skills enabling them to troubleshoot quickly

- **Genuine Quality promptly delivered for the highest Mean Time Between Failure**

Our genuine parts quality guarantees the longest durability hence decreasing repair frequency and cost. With more than 70,000 references available, your MANITOU dealer is here to secure your equipment availability.

Our Parts are delivered promptly thanks to our second to none WMS (Warehouse Management System) and and OMS (Order Management System)

“Our Manitou equipment provides us the highest up-time while decreasing our downtime cost. These are essential to the efficiency of our operations.»

Secure operators and their environment

Because Safety cannot be compromised, MANITOU commits to design machines with optimum safety levels.

- **Central drive and Castor wheels**

Central drive wheel provides best in class traction while castor wheels maintain perfect stability when cornering

- **Belly switch**

If belly switch hits onto the operator, automatic stop and short reverse travelling direction prevent any serious injury.

- **End of stroke absorbers**

Tiller end of stroke absorbers prevent accidental activation of brakes and ensure smooth folding back

- **Automatic electromagnetic Brakes**

Automatic electromagnetic brakes are instantly activated if tiller is released

- **Low skirt design**

The low skirt design fully protects operator feet particularly when travelling at higher speed

MANITOU Easy Range, matching your every need...

Because you deserve the best handling solutions, the EP range complies fully with MANITOU quality standards to provide you with best in class Performances, Safety and Service support:

EP 15 EASY

The EP 15 Easy Compact size makes it ideal for use in trucks or small warehouses to move loads up to 1.5t. With integrated charger for both 70 Ah gel or 40 Ah Li-ion batteries, it offers a great flexibility for daily usage.

EP 16 / 20 EASY

With more muscle under the hood, the EP 16 Easy and EP 20 Easy offer load capacity of respectively 1600 kg and 2000 kg. With autonomies ranging from 160 Ah up to 250 Ah, they are the essential ally for professional handling heavier loads or with higher engagement.

EP 20 P EASY

With a 2 tonnes lifting capacity and a foldable platform, the EP20P Easy is the preferred choice of Ride on pallet Truck. Powered by 270 Ah or Optional 375 Ah battery, it covers all material transfers over any distance on a single charge.

4 models

Capacity
1,5 to 2,0 tons

Aisle width
from
1980 mm

Designed for the operator

Easy one hand operation with either right or left hand controls
Finger tip Lift/Lower controls enable simultaneous movements for increased productivity
(Built in charger (on EP 15) for quick and convenient charging in any location)

Precision and speed on demand

MANITOU specific accelerating and decelerating ramps adjustments enable both smooth operations at low speed and high speed productivity
Standard Creep speed on tiller head to operate in tight areas such as truck decks

Stability

Central drive wheel provide best in class traction while
Caster wheels maintain perfect stability when cornering

All power you need

High torque 1.1 kw drive motor (1.5 kw on EP 20P)
BDI ensures optimum charging frequency hence protecting your battery autonomy

Taking you a long way

Foldable platform (on EP 20P) for fatigue free transfers over long distance

Level of commitment

To precisely match your individual needs, each Easy pallet Trucks offers specific handling performances and autonomy levels matching your engagement level

	Low	Medium	High
1,5 tons	EP 15 EASY		
1,6 tons		EP 16 EASY	
2,0 tons		EP 20 EASY	EP 20P EASY

Did you know?

When choosing your Electric Pallet Truck, the right autonomy is as crucial as its load capacity to fully fulfill your production requirements

Maneuver through the tightest spaces

MANITOU tiller and steering systems designed to minimize effort hence decreasing operator fatigue
Compact dimensions and tight turning radius make it ideal for operation in narrow aisles without affecting stability
